PATIENT INFORMATION LEAFLET

ALPHA PHARM ALPHA OMEGA 3

SCHEDULING STATUS
50

PROPRIETARY NAME (AND DOSAGE FORM)
ALPHA PHARM ALPHA OMEGA 3, softgel capsules.

COMPOSITION			* % NRV's
Each Softgel capsule Contains:			
Fish Oil	1000 mg		
Containing:			
EPA 18% (Eicosapentaenoic Acid)			
DHA 12% (Docosahexaenoic Acid)			

GENERAL INFORMATION
If you have any questions about this product, please talk with your Doctor or Pharmacist.

It is to be used only by the patient for whom it is prescribed. Do not share it with other people.
If your symptoms do not improve or if they become worse, check with your doctor. This information does not endorse any medicine as safe, effective, or approved for treating any patient or health condition. This is only a brief summary of general information about the product. It does NOT include all information about the possible uses, directions, warnings, precautions, interactions, adverse effects, or risks that may apply to this product. This information is not specific medical advice and does not replace information you receive from your Doctor or Pharmacist. You must talk with your Doctor or Pharmacist for complete information about the risks and benefits of using the product.

INDICATIONS AND USE
A dietary source and supplement of omega 3 essential fatty acids.

INSTRUCTIONS BEFORE TAKING THE MEDICINE
Always tell your Doctor or Pharmacist if you are taking any other medication. If you are pregnant or breast feeding your baby please consult your Doctor or Pharmacist for advice before taking this medicine.
This product may affect certain medical conditions. Tell your Doctor or Pharmacist if you have any medical conditions, especially if any of the following apply to you:

- if you are pregnant, planning to become pregnant, or are breast-feeding
- if you are taking any prescription or nonprescription medicine, herbal preparation, or dietary supplement
- if you have allergies to medicines, foods, or other substances
- if you have liver problems or metabolism problems

CONTRAINDICATIONS
This product is derived from fish. Do not take if allergic to any of the ingredients. Do not use this product if you are allergic to any of the ingredients. This Product potentiates the effect of Blood Thinners. Use only after consultation with your Doctor if taking Blood Thinning medication.
Contact your Doctor or Pharmacist right away if this applies to you.

PRECAUTIONS AND WARNINGS
Do not take if allergic to ingredients. Consult a Doctor or Pharmacist if any side effects occur. This Product potentiates the effect of Blood Thinners. Use only after consultation with your Doctor if taking Blood Thinning medication. Unless otherwise prescribed, do not exceed the stated dose.

INTERACTIONS
Do not use in combination with blood thinning medication (Warfarin etc) This may not be a complete list of all interactions that may occur. Ask your Doctor or Pharmacist before you start, stop, or change the dose of any medicine.

PREGNANCY AND LACTATION
Safety in pregnancy and lactation has not been established. Always consult a Doctor or Pharmacist before taking any supplements during pregnancy and lactation.

INSTRUCTIONS ON HOW TO TAKE THE MEDICINE
Do not share medicines prescribed for you with any other person. In the event of over dosage, consult your Doctor or Pharmacist. If neither is available, contact the nearest hospital or poison control centre.

DOSAGE AND DIRECTIONS FOR USE
Take 1-3 softgel capsule a day with food and a full glass of water. Do not exceed recommended daily dose.
Use as directed by your Doctor or Pharmacist. Check the label on the medicine for exact dosing instructions. Take by mouth with food. If you miss a dose for 1 or more days, there is no cause for concern. If your Doctor or Pharmacist recommends that you take it, try to remember your dose every day. Ask your Doctor or Pharmacist any questions you may have about how to use the product.

SIDE EFFECTS
Not all side effects reported for this medicine are included in this leaflet. Should your general health worsen while taking this medicine, please consult your doctor, pharmacist or other healthcare professional for advice.

All medicines may cause side effects, but many people have no, or minor, side effects. No COMMON side effects have been reported with this product. Seek medical attention right away if any of these SEVERE side effects occur: Severe allergic reactions (rash; hives; itching; difficulty breathing; tightness in the chest; swelling of the mouth, face, lips, or tongue).

This is not a complete list of all side effects that may occur. If you have questions about side effects, contact your Doctor or Pharmacist.
